- *5091 REVIEW OF NEWCASTLE BUS SERVICES—Ms Sonia Hornery asked the Minister for Transport—

In relation to her answer to LA Question 4637 "Review of Newcastle Buses", the Minister stated "Transport for NSW will undertake the next review of bus services in the Lower Hunter during 2014":

- (1) When, in 2014, will this review be undertaken?
- (2) What matters will the review cover?
- (3) Will this review include a comprehensive review of bus routes in Newcastle?
 - (a) If not, when will the Government conduct a comprehensive review of Newcastle buses including route configuration?

Answer—

I am advised:

Some bus timetables in Newcastle and the Lower Hunter region were altered to coincide with the new train timetable introduced in October 2013. New links were introduced between Toronto, Wangi Wangi and Morisset on weekdays.

Further, in 2013 I announced the Government's commitment of more than \$90 million to fund new buses in 2013-14. As part of this, the Hunter region will receive 13 new buses. These buses will serve two new routes from Kurri Kurri to Maitland and Aberglasslyn to Rutherford, provide additional services on some existing routes, and replace some older buses in the fleet.

As you are aware, on 18 June 2013 the Government announced a commitment to construct light rail in the Newcastle city centre. Newcastle bus services will be reviewed further as part of this project.

- (2) Who is responsible for selecting the community liaison group?
- (3) How many members will be on the community liaison group?

Answer—

I am advised:

(1) The group's membership provides a balanced representation of the community, business and industry sectors. Government organisations with responsibilities related to the Port of Newcastle or Newcastle Harbour are also represented.

The group was not formed specifically for the long term lease process.

(2) Newcastle Port Corporation.

In relation to the Smirnoff double black "Arrive Boldly" advertisements on the side of Sydney buses:

Has she discussed the appropriateness of these advertisements with the Department of Transport?

(a) If so, when did this occur?

(b) If so, what action has she taken?

(c) If not, will she conduct such discussions?

Answer—

I am advised:

No.

APN Outdoor has a contract with State Transit to manage the advertising space on buses.

*5102 SYDNEY BUSES ALCOHOL ADVERTISING REVENUE—Dr Andrew McDonald asked the Minister for Transport—

In relation to the Smirnoff double black "Arrive Boldly" advertisements on the side of Sydney buses:

How much was the Government paid for these advertisements?

Answer—

I am advised:

APN Outdoor has a contract with State Transit to manage the advertising space on buses.

The contract does not provide for itemised revenues from particular campaigns.

*5103 NORTHERN BEACHES HOSPITAL TENDER—Dr Andrew McDonald asked the Premier, and Minister for Western Sydney—

Was the Northern Beaches Hospital tender discussed during his meeting with Paul Ramsay at the Sydney Cricket Ground during the cricket test in January 2014?

The Northern Beaches Hospital tender was not mentioned.

*5104 SCHOOL COUNSELLING SERVICES—Mr Ryan Park asked the Minister for Education—

- Deputy Coroner's report into the death of a student at Kadina High School, met?

- (a) If so, which of the final recommendations has the Government implemented?

*5105 SCHOOL DEMOUNTABLE BUILDINGS—Mr Ryan Park asked the Minister for Education—

- (1) How many Government schools in New South Wales have had demountable buildings for more than:
- (a) 1 year;
- (b) 5 years;
- (c) 10 years;
- (d) 15 years?
- (2) How much did the Government spend replacing these demountables in:
- (a) 2012;
- (b) 2013?
- (3) How much does the Government plan to spend in 2014 replacing these demountables?
- (4) How many schools currently use more than 10 demountables?
- (5) Which schools currently use more than 10 demountables?

Answer—

(1) To list the number of demountable buildings on individual school sites would be a diversion of resources from the Department's core business, the provision of education.

(2) The Department replaces demountables with permanent buildings as part of its capital works program. When demountables are replaced the costings form part of the overall project spend. Therefore, the Department of Education and Communities is not able to provide costings on each replaced demountable.

(3) Details of the permanent buildings provided in 2011-12 and 2012-13 are available on the Department's internet site at the following link:

<http://www.dec.nsw.gov.au/about-us/plans-reports-and-statistics/key-statistics-and-reports>

(4) - (5) As at 12 February 2014, 52 schools including primary, central, high and schools for specific purposes have more than 10 demountables in use.

*5106 RESOURCES FOR REGIONS PROGRAM WOLLONGONG PROJECTS—Mr Ryan Park asked the Deputy Premier, Minister for Trade and Investment, and Minister for Regional Infrastructure and Services—

In relation to the Resources for Regions Program:

- (1) What were the reasons for the Wollongong City Council projects nominated in the latest round not being funded?
- (2) When will the next round of funding be open for this program?
- (3) How much funding will be available in this next round?

Answer—

(1) Projects nominated in the latest round of the Resources for Regions program were reviewed by an Independent Assessment Panel. Projects were assessed based on program criteria that were published in the guidelines for the Expression of Interest. Applications received in this round from other local government areas were assessed to have a higher priority than the submissions from Wollongong.

(2) Details of the next round of funding will be announced in the 2014-15 Budget.

(3) See response to question (2) above.

*5107 SUTHERLAND SHIRE RAIL SERVICES—Mr Barry Collier asked the Minister for Transport—

In light of the new 1:30 am lock outs and 3:00 am last drinks in Kings Cross, given that patrons can catch trains directly from Kings Cross to the Sutherland Shire:

Does the Government plan to add additional rail services from Kings Cross to the Sutherland Shire between:

- (a) 1.41 am and 5.14 am on Saturday mornings;

(b) 1.24 am and 5.14 am on Sunday mornings?

Answer—

I am advised:

After the last train, NightRide bus services are available from Kings Cross to Town Hall, and from Town Hall to the Sutherland Shire. Customers can travel for free on the Plan B buses or N1 00 NightRide bus service between Kings Cross and the city, where they connect to existing NightRide buses. This means a free bus will leave Kings Cross to travel to the city every 10 minutes between 1 am and 5am on Friday and Saturday nights.

*5108 NIGHTRIDE BUS PASSENGER NUMBERS TO SUTHERLAND—Mr Barry Collier asked the Minister for Transport—

- (1) How many persons, on average, catch the NightRide buses from Town Hall Station to the Sutherland Shire:
 - (a) between 1.00 am and 5.00 am on Saturday mornings;

 - (a) between 1.00 am and 5.00 am on Saturday mornings;
 - (b) between 1.00 am and 5.00 am on Sunday mornings?

Answer—

I am advised:

Capacity aboard NightRide N10 and N11 services is sufficient to meet customer needs.

*5109 SUTHERLAND HOSPITAL RAILWAY STATION—Mr Barry Collier asked the Minister for Transport—

Does she support the construction of a railway station adjacent to Sutherland Hospital for visitors, patients and employee public transport needs?

Answer—

I am advised:

*5113 BLACKTOWN AND ROOTY HILL RAILWAY STATION UPGRADES—Mr Richard Amery asked the Minister for Transport—

- (1) Has the Government recently announced that the Blacktown railway station lifts will be replaced as part of a station upgrade?
 - (a) If so, on what basis was the decision made to replace lifts at Blacktown railway station and not at Rooty Hill or Doonside railway stations?
- (2) When will easy access facilities be installed at Rooty Hill railway station?

Answer—

On 24 January 2014, I announced a major refurbishment of Blacktown Station which will see the station undergo a major refresh and four of the station's ten lifts replaced.

The \$3.1 million lift replacement project involves replacing four outdated hydraulic lifts with state-of-the-art air conditioned electric lifts which are wheelchair-friendly and include braille signage.

LEGISLATIVE ASSEMBLY QUESTIONS AND ANSWERS
Wednesday 5 March 2014

In 2012, the Government announced a new Transport Access Program which will deliver accessible, modern, secure and integrated transport infrastructure where it is needed most. This includes station upgrades, better interchanges and commuter car parks. This program includes more than \$770 million for improvements over four years.

More planning and design work will now occur to see which projects will come next. Lifts at Rooty Hill and Doonside railway stations will be considered as part of this process.

The Transport Access Program is part of the Government's commitment to improve public transport services and provide a world class transport system people want to use.
