associated with Westconnex in 2016-17?

Answer—

(1) to (4) The 2016-17 budget included \$262 million to fund critical infrastructure projects to accelerate new homes in Sydney's priority precincts and priority growth areas. The funding makes up the fourth tranche of the Housing Acceleration Fund (HAF) which will accelerate the construction of more than 160,000 homes.

We have invested nearly \$1 billion into supporting supply through the Housing Acceleration Fund.

Specific projects funded through the HAF can be found in the Budget Paper 2 of the relevant year.

- (1) How will the Government compensate the Hunter River Agricultural and Horticultural Association for the loss of revenue from Maitland Greyhound Breeders Owners and Trainers Association after the closure of the greyhound industry from 1 July 2017?
 - (2) When will the greyhound racing compensation package be announced?
 - (3) Will this extend to businesses that relied on the greyhound industry to support their trade, for example pet produce, vets, equipment to transport greyhounds?

Answer—

On 11 October 2016, the Government gave in principle support to give the greyhound racing industry one final chance in NSW, subject to it agreeing to the strictest regulations to clamp down on animal cruelty.

The Greyhound Industry Reform Panel, chaired by former Premier Morris Iemma and with representatives from industry and the RSPCA, will determine the new regime. It will ensure that NSW greyhound racing has the strictest regulatory guidelines in the country and prioritises animal welfare.

The Panel will consider:

- mandatory life bans as well as increased jail terms for live baiting

- registering all greyhounds for their entire lives
- an independent regulator with strong new powers to ensure transparency and accountability
- substantially increased resources for enforcement and prosecution as well as animal welfare

Subject to the Panel's recommendations, legislation will be introduced early in 2017 to repeal the ban on greyhound racing and establish the new regulatory regime.
