# **INQUIRY INTO INTER-REGIONAL PUBLIC TRANSPORT**

**Name:** Mr William Graham

**Date Received:** 3/04/2012

sir/madam

my local member for Cessnock has made me aware of your inquiry I live in Greta a small but growing township in the Cessnock area I think public transport in our area is appalling there is a modified proposal before Cessnock Council for a residential area of some 190 blocks which will add even more people an estimated additional 600 people who will not have adequate public transport there are a lot of pensioners who do not have a car young families youth and unemployed who find it hard .

yours faithfully
