**DRAFT CONSTITUTION (DISCLOSURES BY MEMBERS) REGULATION  
2024**

**Name:** Dr Joe McGirr MP

**Date Received:** 12 June 2024

In relation to the above inquiry I wish to make the following points

1. There should be clarity about the application of the disclosure applies where partners are separated, but not divorced, and in what circumstances;
2. There must be provisions to ensure privacy and protection for tenants of properties owned by a member or family so that these are not targeted for dangerous acts because they are associated with an MP;
3. A partner should not have to separately disclose funding for travel if it is in relation to their work or professional role for an organisation and is supported by their work or that organisation.
