I have lived in Dunedoo(50k from Gulgong) with family of 3 children for 15 years. For the last 6+years we have not been able to see a Dr in Dunedoo or anywhere near us as all books are full. My family don't have a GP, if required we have to go to multipurpose service for medical assistance. It's not acceptable, we live in a first world country and don't have access to a regularly dr, no consistency in healthcare. I am willing to pay to see a dr
