

Barmah Choke Balance

Tendered by Ms Perin Davey

Barmah Choke trade

How much can I trade? 5671.07 ML*

*The balance shown is the volume of water permitted to be traded from above to below the Choke as of **05:15 pm 27 Feb 2017**. If the balance is negative, the capacity will be shown as zero opportunity to trade.

The balance is updated whenever the MDBA is consulted regarding a trade across the Choke. Trade applications should continue to be submitted to Basin states.

For more information regarding the Barmah Choke balance please email watermarkets@mdba.gov.au.
