Hi Jessie,

Thank you for your time just now – it was a very helpful 25 minutes...

Here's the link to the Australian Centre for Geomechanics of the University of Western Australia (not Curtin University!) webpage where people can download my paper from:
https://papers.acg.uwa.edu.au/p/2415_0.01_Whitbread-Abrutat/

I hope it works. Please let me know if you need anything else...

All the best,

Pete
