Subject: Re: LSAC grant program weekly report

I will have a list prepared for you. We HAVE spoken with all of them but they just haven't opened their form yet. We do think there are some organisations that will not manage to lodge an application at all - regardless of the time line. Some are not interested and don't understand what/why they were nominated.

Very happy for local members to reach out and encourage them all to submit. I'll send over a list shortly. Cheers AJM
