**Subject: Western Sydney Science Park and Aerotropolis Developments – clarification of transcript**

Dear Chair

Thank you for the opportunity to appear before the Public Accountability and Works Committee as a witness in your hearing on 31 October 2024 at NSW Parliament House as part of the Western Sydney Science Park and Aerotropolis Developments inquiry.

I appreciated the opportunity to contribute evidence to the Committee on behalf of the Department of Planning, Housing and Infrastructure.

I note that I provided my responses to Supplementary Questions on Notice on 29 November 2024. I would also like to clarify one of my statements on the day. The first paragraph of Page 45 of the transcript reads, 'It's estimated that at that development over 30 years the initial six precincts could provide 120,000 jobs and 35,000 homes.'

I would like to clarify this statement. This sentence should read as follows, 'It's estimated that at that development over 30 years the initial six precincts could provide 120,000 jobs and homes for 35,000 residents'.

I trust this information is of assistance to the Committee.

Yours sincerely

**Monica Gibson**  
**Deputy Secretary**  
**Planning, Land Use Strategy, Housing and Infrastructure**

CC: The Hon Paul Scully MP, Minister for Planning and Public Spaces
