**INQUIRY INTO ALLEGATIONS OF BULLYING IN  
WORKCOVER NSW**

I am concerned that the 'stacking' of the Workers Compensation Insurance Division (WCID) with ex GIO and QBE executives has hindered WorkCover's (WCA) ability to undertake critical assessment of the performance of the contracted Scheme Agents who provide services to Nominal Insurer. WCID is now run by those who were responsible for providing services to WCA, and failed to provide those services to the standards they were contracted to meet. I believe that the remuneration to Agents has also been modified providing more money for no change.
