**INQUIRY INTO MANAGEMENT OF PUBLIC LAND IN
NEW SOUTH WALES**

Name: Ms Annette Sinclair

Date received: 31/07/2012

I am writing to request consideration of increased access to riding areas in general but to Scheyville National Park in particular.

My request is based on two premises - access to the historical bridle trail, which existed in the portion of the park bounded by Midson Road, Old Pitt Town Road and Scheyville Road which would create a short extension of a currently existing trail to a form loop trail, which would provide a safer access to the existing riding trail in the park area bounded by Old Pitt Town Road, Scheyville Road, Pitt Town Dural Road and Avondale Road. I live in Midson Road and have to ride on several reasonably busy roads with no rideable verge to access the park. I used to ride in the nominated area on the mown tracks but was banned because 'horses damage creek banks'. The loop trail I propose does not cross any creeks. Thank you for considering my proposal.
