I am on the autism spectrum level one anxiety all my life was on pharma antidepressants for
I'm now 14 months free I use cannabis oil and edibles for my anxiety not every day but it helps
me sleep at night it helps my nervous system it helps me get through life . Where pharmaceuticals
nearly killed me I'm also 3 yrs sober from alcohol. If it want for cannabis oil I don't know where
I'd be but it's definitely saved my life. I will always advocate for nature before pharmaceuticals.
Free the weed legal use already. Kind regards . P.S. My cousin used to
write speeches for politicians in Canberra AUAU□□□□
