I'm writing in relation the matter of e-bikes and scooters. I would like them better regulated in terms of

Speed I.e not capable of going in excess of 20kph

Age of the user I.e must be at least 14

Lights I.e must have head and tail lights

User/s must wear a helmet

Max of 2 persons on device at anytime - some are currently carrying 3 or more

Clearer rules on where they can be ridden I.e pn footpath or road.

User must follow basic road rules
