

**Submission  
No 8**

**INQUIRY INTO USE OF E-SCOOTERS, E-BIKES AND  
RELATED MOBILITY OPTIONS**

**Name:** Mr Sidney Harpley

**Date Received:** 5 July 2024

---

ALL E bikes should be registered. Mostly ridden by teenagers, they ride in the main over 15 km per hour. And in lots of occasions with pillion passengers. If they were to run into a person, serious damage would occur to them and the victim, and those on the bike. These machines should not be ridden on the footpath!

If they were registered, I feel the riders would be more careful, knowing there would be consequences of their actions.

Please take action before someone is seriously injured!
