

**INQUIRY INTO MANAGEMENT OF CAT POPULATIONS
IN NEW SOUTH WALES**

Name: Name suppressed

Date Received: 27 October 2024

Partially
Confidential

Dear Sir/Madam,Are people kidding me,the ONLY thing the Government must do is compulsory desexing!,same with dogs,millions of them getting euthanased yet millions getting bred,utter madness,the amount of suffering is incomprehensible,people just leaving their cats & dogs to have litters,the cats go feral killing wildlife left to fend for themselves & cats have kittens then all those cats have kittens & so on,literally MILLIONS of cats running the streets & suffering,the govts have blood on their hands not to mention the trauma experienced by ppl working in shelters & rescues,EVERY shelter are FULL,EVERY rescue FULL & these pets have become disposable to terrible cruelty 😞 because there's soooo many .I would like it to be ILLEGAL to own a Undesexed cat or dog unless a registered breeder,if it's LAW & harsh penalties apply & im talking \$50,000 fines, as backyard breeders & breeding for profit it wouldn't be worth it to them,then RSPCA have the powers to enforce these laws,unless government have been on mars they would know we have a HUGE problem in Australia,let us be the first country in the world to finally put laws in place for compulsory desexing,& I'll add something else,Google & Gumtree must be made to stop people being allowed to post dogs "for free" as we have another real problem with dogfighting & the dogs "for free " get used as bait & stealing peoples dogs & cats to be ripped apart,everyone is in despair 😞 hundreds EVERY DAY posting to rehome their pets it's gut wrenching.Just Google the Adam Britton case, 42 dogs he got "free to good home" & he raped & tortured those dogs,I almost had a nervous breakdown as did hundreds & left the previous owners broken,this is what is happening in our society & everyone is fed up.Also introduce curfews for cats nationwide...maybe people should pay to have a licence to own pets. 😞 ,I know this was meant to be just a cat solution but their is no point of having strategies to manage,you fix the problem before it starts....COMPULSORY DESEXING then Rspca can actually do something as people are just either breeding for profit & the worst cruelty occurs or people are just letting their pets run around breeding,it's ridiculous.Please end the killing of millions of pets discarded as if they weren't born in the first place then we wouldn't have this CRISIS.Yours Sincerely- (I have no file/pic,if I'd known it was a requirement I would have sent you pics an example of the pets that have unbelievably suffered 😞🙏)
