**INQUIRY INTO MANAGEMENT OF CAT POPULATIONS
IN NEW SOUTH WALES**

Name: Miss Kayt Fitzpatrick

Date Received: 22 November 2024

I would like to see the following changes implemented for cats:

Stop breeding

Funds, food and desexing available for individual rescuers who are spending thousands

More funds for rescues

Cats owned to be indoors at all times and the other cats that are homeless are slowly helped by rescued due to more funding and help

Law to change to make it mandatory for all cats to be desexed

Database of people who can not be in contact with animals

Background check available on rescues for foster carers and adopters

TNR legal and supported by council and RSPCA

Abolish registration fees

Councils to help rescue cats and desex until there are no more homeless cats

Paid Positions for cat trappers for rescues and council to get the cats into foster or adoption

Animal protection and animal rights need to be enforced

Jail time for animal abusers and a register for rescues and individuals rescuers

Rental homes to not be able to ask if you have animals or not (people are paying that much they should be allowed to have their animal in the home)

Councils and shelters to be no kill and all animals have a place with a rescue and can't be turned down for the protection of the animal

There are other countries with 0 animal homelessness so we can do this as well
