Notes and costing assumptions:

The policy proposes to spend \$17.7 million from WestInvest for capital works to reopen the Canterbury Ice Rink to the public. The money would be spent on rebuilding Canterbury Ice Rink's roof as well as upgrading the ice rink's amenities.

The policy states the funding will come from WestInvest Funds – Community Project Grants which have previously been recognised in existing State Budget estimates. The PBO understands Canterbury Ice Rink have been successful in their [application](#) of the proposed amount and therefore the policy will have a nil budget impact.
